CLIL for Primary School

Dear Teacher,

Cambridge University Press and Loescher Editore are delighted to invite you to an afternoon of Professional Development on “[Active learning pedagogy for Primary - a new approach to Content and Language Integrated Learning \(CLIL\)](#)”. A teacher training workshop for Elementary school teachers who are currently teaching the Cambridge Primary Curricula for English as a Second Language, Mathematics and Science or teachers interested in adopting these curricula. The focus will be on classroom activities to promote language and communication in English, problem solving in Mathematics and classroom based scientific enquiry in Science.

The workshops will be led by Simon Lind, Professional Development and Training Manager at Cambridge University Press. Simon has over 20 year’s teaching experience in international and private schools and has been training teachers for over 10 years.
